Earthquake Hazards Map p34

Earthquake Safety Measures p36

Living in an Evacuation Shelter p42

Useful Information for Disaster Management p44

How to Use

The Flood and Earthquake Hazards Map indicates evacuation sites as well as areas that are expected to be affected by flooding or earthquakes. It's important to be aware of the hazard risks in your vicinity. You can use this map to prepare for emergencies and check with your family members for evacuation locations and ways to communicate in the event of a disaster.
